I agree, we ran a report and checked his DEA number and saw the same thing. We have the PDM reviewing a checklist to visit the clinic. No increases at this time.

Thanks.

The Dr listed for the threshold review may be an issue that you may want to do additional due diligence on. He is an Ob/Gyn not a Pain Management Specialist. I am going to deny this additional increase.

RUDE & UNPROFESSIONAL STAFF!!!

I think Dr. Harper is a very good doctor, BUT. his daughters/staff is very, very rude and unprofessional..Iam looking 4 another doctor because of them.. soon he will be out of business because of them, everyone that go's to the office say that they are rude. i do like Dr. harper but not his staff is so slow, and it take atleast 2 to 3 hour of waiting time..i wish i could have rated the COURTESY&PROFESSIONALISM lower because they don't deserve that 1 star!! It needs 2 be a rating lower then poor

No one is filling his prescriptions! What is going on?!! We have to pay a co pay now and everyone at the office is rude and act as if we are a pain in there a** some of us are very sick and not just drug addicts!!!!!! The staff slams the doorr in are face and wont even pick up the telephone!! I am beyond upset! They send us on a chase but what they don't know is that there years of treating patients like dirt will come back. I don't knoq how they managed to stay in business like that

Please hold off, we have certain procedures we need the PDM to verify prior to a second increase. I will follow up and let you know if we need to increase the threshold.

Thanks!

Actually it was less than 40 days ago. I got the month wrong. But it still is an issue as we consider 90 days the least amount of time between increases for just "business growth" and even then the increases should be nominal Let me know if this is truly needed.

Ryan & Sophia,

This store received an increase on the oxycodone base code of 4000 doses 10 days ago. After another 15% increase, this will result in a 33% increase in the same month. I just wanted to bring this to your attention before approving the additional 15%.

Please confirm if you feel the additional 15% increase is warranted.

Thank you,
